Dear Little Flower Families,

United States Department of Education recently released its [Parent and Family Digital Learning Guide](#). This tool aims to help parents and guardians understand how digital tools can provide tailored learning opportunities, engage students with course materials, encourage creative expression, and enrich the educational experience. The Parent and Family Digital Learning Guide was informed by the feedback and contributions of digital learning experts representing researchers, parents, educators, and school leaders, as well as Digital Promise and Learning Heroes. This publication is the first in a series that will ultimately provide digital learning knowledge and resources to educators and school leaders in addition to parents and students.

Please click on the hyperlink above, or visit <https://tech.ed.gov/publications/digital-learning-guide/parent-family/>.

Thank you for your continued cooperation and support.
